

PORTABLE GRAB BAR

SINGLE GRIP

MARKET FACTS

Falls are the most common accident around the home

More than a third of adults aged 65 years or older fall each year *

Of those who fall, 20% to 30% suffer moderate to severe injuries that reduce mobility and independence, and increase the risk of premature death*

A recent study of people aged 72 and older found that the average health care cost of a fall injury was \$19,440*

The average installation and materials cost for installing a permanent grab bar with blocking is \$537**
